

DSwiss AG was founded in Zurich in 2008 and is one of the world's leading providers of highly secure digital services. We develop e-safes for documents and passwords as well as digital mailboxes for the delivery of bank documents. We support Europe's leading financial service providers in implementing the market launch of new products in a timely manner, complying with the legal requirements of the new data protection legislation and sustainably strengthening customer relationships. We are also responsible for the award-winning online data store SecureSafe with more than 1 million users.

Would you like to become part of a collegial team and contribute to the growing success of our company in a responsible role? Then you've come to the right place.

To support and strengthen our Product Marketing, we are hiring a working student (m/f/i) for 6-8 weeks, starting immediately or upon availability. We are looking for:

## Marketing/Business Analyst 60-100%

### Your responsibilities and goals:

- Support for Product Management
- Participation in market and product analysis
- Competitive analysis, market research and trend observations

### Your experience and knowledge

- Good knowledge of Microsoft Office (Excel, PowerPoint, Word)
- Good communication skills in German and English
- Exact working method
- A great deal of curiosity
- Flexible and committed way of working
- Quick understanding

### What we offer you

- An exciting and versatile internship at the interface between strategy and development.
- Attractive place of work in the home office, or with us in the office
- Flexible working hours
- Combination of theory and practice in the context of a thesis following your internship
- A creative and innovative team with an open-door mentality

### Interested in joining our team?

We look forward to receiving your complete application documents by e-mail to [jobs@dswiss.com](mailto:jobs@dswiss.com) with the note "Market/Business Analyst (60-100%)."
